BABY WEEK HERE MODEL CRUSADE

Miss Julia C. Lathrop Predicts
Successful Campaign in Cap-
ital for Infant Welfare.

RALLY OPENS ACTIVITIES

Address of Welcome Delivered by
Commissioner Brownlow—Crowds
Visit Headquarters' Exhibit.

Miss Julia C. Lathrop, head of the
United States Children's Bureau, declared,
at the opening rally of Washington's
baby week in the central exhibit room,
Fifteenth and F streets northwest, yester-
day afternoon, that the campaign in
the Nation's Capital should be so suc-
cessful as to be held up as a model for
the rest of the country.

The rally, which was opened with an
address of welcome by Commissioner
Louis Brownlow, marked the first event
in a week of educational meetings and
demonstrations that it is expected will
surpass any similar campaign ever con-
ducted in the city.

Miss Lathrop told the women present
that the fact that Washington boasts of
much better surroundings in which to
raise its babies should not deter them
from endeavoring to spread the gospel
"How to Care for Baby."

Hundreds of men and women visited
the central exhibit room, Fifteenth and
F streets northwest, last night and view-
ed the various exhibits. The central ex-
hibit room will be opened every day dur-
ing baby week from 9 a. m. to 9 p. m.,
and will be the center of the activities
of the campaign.

The children of the Eckington School
last night presented a play, "The
Child of Tristram," at the central ex-
hibit room.

Mrs. Court F. Wood, president of the
District Federation of Women's Clubs,
presided at the rally yesterday afternoon.
Short talks were delivered by Mrs. Kate
Waller Barrett, Mrs. A. Caminetti and
Mrs. Max West, of the Children's Bu-
reau. A chorus composed of children of
the Webster School sang a song written
by Mary Mills West for baby week.

The exhibit, which shows everything
that a mother should know about the care
of babies, are in charge of Mrs. Giles
Scott Rafter.

The organizations having booths in the
exhibit room, and those in charge of
them follow: Mothers' Congress, Mrs. S.
K. Lamb; Twentieth Century Club, Mrs.
Gilbert Grosvenor; Washington Diet
Kitchen Association, Miss Estelle
Wheeler; Day Nurseries and Dispensary
Association, Mrs. Matthews; Women's
Christian Temperance Union, Dr. Lau-
retta Kress and Mrs. Emma Sanford
Shelton.

The Women's Christian Temperance
Union exhibit is one of the most inter-
esting, bearing the inscription, "Doctor
Quack's Cough Syrup, with the Light of
Truth About It."

The only thing on the program for to-
day is the series of baby week sermons,
to be preached in various churches of the
city.

Tomorrow will be "little mothers' day,"
on which the attention of the infant
welfare workers of the city will be turned
to the 2,500 public schools girls of the
city.

of Wisconsin, will support the negative
position.

The Washington Chapter of the
American Institute of Banking will
hear Edward N. Hurley, member of the
Federal Trade Commission, talk on
"How Big Business Is Conducted" to-
morrow evening at 8 o'clock at the
local chapter rooms, 1214 F street
northwest.

The New Hampshire Association will
hold its May meeting and election of
officers tomorrow night at 8 o'clock
in the W. C. T. U. parlors, 523 Sixth
street northwest. W. S. Barnes, of the
Forestry Service, will give an illus-
trated talk on "The Life of a Forest
Tree."

FORUM WILL CLOSE FOR SUMMER NEXT SUNDAY

Lincoln Stebbens Will Talk Upon Con-
ditions in Mexico at Meeting
This Afternoon.

Washington's first community forum—
the Grover Cleveland—which has been
the cause of much discussion as to
whether public schools should be used
as meeting places on Sundays, will ad-
journ one week from today for the
summer. The forum has been in ex-
istence less than six months. It will re-
sume activities in September, stated an
official last night.

Today's meeting, which will start at
8 o'clock in the Public Library, will be
addressed by Lincoln Stebbens, Mexican
correspondent for an American mag-
azine, who will talk on general conditions
in the revolution country. He has spent
more than six months with the "Car-
ranza forces." Following his address, the
Mexican situation will be discussed by
members of the forum.

Iron Is Greatest of All Strength Builders, Says Doctor

A Secret of the Great Endurance and Power of Athletes

Ordinary Nuxated Iron Will Make
Delicate, Nervous, Run-down People
200 Per Cent Stronger in Two
Weeks' Time in Many Cases.

NEW YORK, N. Y.—Most people
foolishly seem to think they are going
to get renewed health and strength
from some stimulating medicine, se-
cret nostrum or narcotic drug, said
Dr. Sauer, a well-known specialist,
who has studied widely both in this
country and Europe, and, as a matter
of fact, real and true strength can
only come from the food you eat.
But people often fail to get the
strength out of their food because
they haven't enough iron in their
blood to enable it to change food into
living matter. From their weakened,
nervous condition they know some-
thing is wrong, but they can't tell
what, so they generally commence
doctoring for stomach, liver or kidney
trouble, or symptoms of some other
ailment caused by the lack of iron in
the blood. This thing may go on for
years, while the patient suffers untold
agony. If you are not strong or well,
you owe it to yourself to make the
following test. See how long you can
work or how far you can walk with-
out becoming tired. Next take two
five-grain tablets of ordinary nuxated
iron three times per day after meals
for three weeks. Then test your
strength again and see for yourself
how much you have gained. I have
seen dozens of nervous, run-down peo-
ple who were ailing all the while
double their strength and endurance
and entirely get rid of all symptoms

of dyspepsia, liver, and other trou-
bles in from ten to fourteen days' time
simply by taking iron in the
proper form. The secret of the great
endurance and power of athletes
lies in some cases been doctoring for
months without obtaining any benefit.
Don't take the wrong form of iron.
You must take iron in a form that
can be easily absorbed and assimilated
like nuxated iron if you want it
to do you any good, otherwise it may
prove worse than useless. Many an
athlete or prize fighter has won the
day simply because he knew the se-
cret of great strength and endurance
and filled his blood with iron before
he went into the fray, while many
another has gone down to inglorious
defeat simply for the lack of iron.

NOTE—Nuxated Iron recommended above by Dr.
Sauer is not a patent medicine nor secret ingredi-
ent, but one which is well known to druggists and whose
true constituents are widely prescribed by eminent
physicians everywhere. Unlike the other impure
iron products, it is easily assimilated, does not in-
jure the stomach, makes them thick, nor causes
constipation, on the contrary, it is a most recent
remedy in nearly all forms of indigestion, as well
as for nervous, run-down conditions. The manufac-
turers have sold great quantities in Nuxated Iron
tablets, which are sold in all drug stores, and in
fact, they offer it in nearly all forms of indigestion,
constipation, etc. If you take it, take also men or women
under 20 who take iron and increase their strength
300 per cent over in four weeks time, provided
they have no serious chronic trouble. This again
offer to refund your money if it does not at least
double your strength and endurance in ten days' time.
It is dispensed in this city at James O'Donnell's
Drug Store, People's Drug Store, and all
other druggists.—Ad.
